

PREPARING FOR YOUR BABY – CHECKLIST

Choose Pediatrician before your baby is born. Call office to be sure they take your insurance.

Have a new or current car seat and bring it to the hospital. Please note – the hospital does NOT provide car seats.

Crib/ bassinet for safe sleep ready at home for baby. Please note the hospital does NOT provide cribs/bassinets upon discharge.

For baby boy—please decide on circumcision before you come to the hospital—feel free to discuss this with your doctor or your pediatrician’s office ahead of time.

Suggested items you may want to bring to the hospital for the Dad or support person who will be with you— any medications they may need, money for vending machines, hospital cafeteria, Casabe Café (located on first floor near lobby) or take-out delivery food, cell phone and small electronic chargers.

Thank you and we look forward to your admission and the birth of your baby.
