

THE VALUE ^{OF} NYC'S FORESTED NATURAL AREAS

From public health to recreational benefits, we can measure the value that our 7,300 acres of forested natural areas provide, including an annual savings of **\$4 billion!**

EVERY YEAR NEW YORK CITY'S FORESTED NATURAL AREAS:

For every \$1 invested in NYC's forested areas, we'll see a return on investment from \$84 to \$120 annually. Over the course of 25 years, we'll see our recommended \$385 million investment give back \$32 to \$46 billion!
