

Hi Friend!

Your safety is important to us, so before you take a shower, don't forget about:

SHOWER OPERATION

Pressing the SHOWER IN PROGRESS button (on left) inside the van so no one will interrupt your shower

The ideal time for our shower is 15 minutes:

- We will let you know when you have 5 minutes left by ringing the doorbell outside, also to check that you are okay
- Water will turn off after 15 minutes

SHOWER SAFETY & HYGIENE

If you need to use the bathroom, check with a volunteer where the nearest toilets are

Clean up any excess water from the shower before getting out (use the towel provided)

Children are not permitted in the shower, even if accompanied by a parent or guardian

An Orange Sky volunteer will be outside the door to call to if you need help

Please put rubbish in the bin and not the sanitary bin

No sharps/needles in the van at any time

No smoking, eating or drinking in the shower at any time

EMERGENCY INSTRUCTIONS

Emergency situation OUTSIDE van

In the unlikely event of an emergency:

- Emergency evacuation ring will sound
- Emergency robe will be passed to you via the van door
- Put on the robe, grab your belongings (if safe to do so), exit the van and follow instructions from Orange Sky volunteers

Emergency situation INSIDE shower

In the unlikely event of an emergency:

- Press the EMERGENCY ASSISTANCE (on right) if urgent assistance is required
- Volunteers will have an emergency robe with them to make sure you are okay before they come inside to assist
