

nnounce Release notes 1.4

Type	Key	Summary
Simple task	HW-447	paging router extended functionality in designer
New Feature	HW-729	Slow down designer request (telemetry/ runtime) when designer is opened on nnounce device
New Feature	HW-782	Ducker - visual changes for "priority active"
New Feature	HW-695	Generate events from telemetry changes
New Feature	HW-668	Ducker DSP component
New Feature	HW-497	File Synchronization between Raptor System and nnounce Device
New Feature	HW-440	nnounce scripts - support for nnounceAPI code hinting in editor
New Feature	HW-659	announcement cache
New Feature	HW-359	Local DNS records management in UI
New Feature	HW-357	SNMP improved reporting
New Feature	HW-716	Identify update for micnode2 series
New Feature	HW-698	Single/multiple zone selection
New Feature	HW-680	Basic filter set
New Feature	HW-655	Show memory usage in Designer while running
New Feature	HW-650	Display touch selftest
New Feature	HW-641	Clear all button - unselect all zones
New Feature	HW-532	Make DSP components smaller
New Feature	HW-718	Script support to read network status
New Feature	HW-671	DSP designer: RMS + Limiter
New Feature	HW-654	Audio Streams Stats - add reset for misses and errors
New Feature	HW-620	Improve script start/try execution speed
New Feature	HW-496	Music config tab
New Feature	HW-479	Auto-logout after specified time
New Feature	HW-469	nnounce scripting mute support
New Feature	HW-468	nnounce scripting SNMP reading
New Feature	HW-465	nnounce designer music player
New Feature	HW-464	nnounce router BGM support
New Feature	HW-456	Micnode2 - User autologin

Type	Key	Summary
New Feature	HW-369	Enable identification of the device (LED blinking, something on screen)
New Feature	HW-690	Ambient noise compensator - polishing
New Feature	HW-351	nnonce device configuration export/import
New Feature	HW-59	Ambient noise sensing + RMS + Limiter
New Feature	HW-104	(HW) Linux - Telegraph agent
DEV BUG	HW-590	nnonce - virtual keyboard - number input issues
DEV BUG	HW-795	Add snippets and documentation for nnSystem
DEV BUG	HW-844	nnonce - micnode - stuck on Welcome screen
DEV BUG	HW-755	micnode2 - white screen after restart
