# Save More Time Using Steelhead Accounting!

A Financial System Designed to Eliminate Redundancy

Steelhead's Accounting is tested, available and ready to meet all of your accounting needs. With every button and function thoughtfully developed, it will save you time and help you run things smoothly! Using Steelhead Accounting, you will have:

- Sales, finance and inventory departments are all aligned.
- Data flows and connects from one department to the next. Your Payroll is directly linked to Accounting, which eliminates redundancy, manual syncing and having to double check that one system matches the next–you'll have a single source of truth within Steelhead.
- You'll have full visibility of transaction history–a payment you see in accounting can be followed back to the invoice, sales order, quote, and then is visible in your margins and job costing.

Reach out to Steelhead to learn how to get started today! Or learn more about Steelhead Accounting on our website below.

Product Updates Coming Up

Process Node Description

With this update, you will be able to set instructions on a node unique per occurrence of that node.

Filter Reports by Date

Within each Report you can add a single date filter that will reflect selected dates across all charts included on that dashboard.

VIEW ALL PRODUCT UPDATES

These updates are designed to help you save time and have your shop running more efficiently.

Please reach out to your Customer Success Manager or email us at support@gosteelhead.com with any questions!

Your Impact on Steelhead

The Steelhead Customer Experience Survey is Still Open

If you haven't yet given your input, we would like to ask for your feedback by taking a 5-minute survey to help us improve our customer success program.

By understanding your perspective–what works well and where we can improve–we will be able to make more informed decisions about how to serve you more effectively.

LEAVE A LASTING IMPACT

Thank you for taking a few minutes of your valuable time to provide us with insights and leave a lasting impact on how we deliver our services to you!
