

Enhancements to Quoting in Steelhead

Steelhead will soon be releasing an update which will streamline the transition from Quotes to Sales Orders, enhancing your overall workflow.

Here's what you can expect:

- Quotes will mirror Sales Orders with Lines and Line Items
- You will have increased flexibility with multiple Parts associations for Lines and Line Items

[See the video](#) for a quick view of how this will look:

These improvements are designed to provide you with greater specificity and ease of use when creating Quotes.

Stay tuned for more detailed information coming soon. In the meantime, if you have any questions, please don't hesitate to reach out to our dedicated support team at support@gosteelhead.com.

Elevate Your Equipment Management

Improve the way you manage your equipment with Steelhead! Join our masterclass on Wednesday, February 6th at 12pm. In this live webinar, you'll learn about:

- Creating maintenance plans and events
- Adding new equipment and reviewing maintenance nodes
- Exploring sensor dashboards and new sensors

The graphic features the Steelhead Technologies logo in the top left corner. The main text reads "FEBRUARY MASTERCLASS WEBINAR MAINTENANCE". Below this, it specifies the date and time: "WEDNESDAY, FEBRUARY 26TH 12:00 CST". The background of the graphic shows a woman and a man in a workshop setting, with the woman pointing at a tablet held by the man. A computer monitor is visible in the background.

Don't miss this opportunity to optimize your operations and boost efficiency!
