

## The Weekly Catch

---

### Widespread Label Improvements

**Further options for organizing your data quicker than ever**

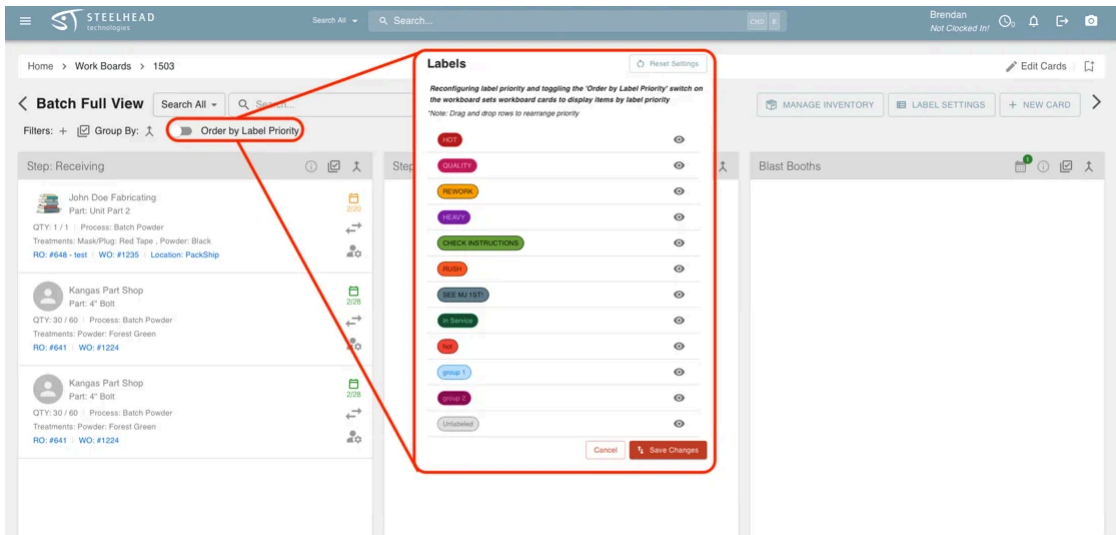

“Order by Label Priority” switch will choose how workboard labels are sorted

- **Switch on:** Labels are ordered by precise settings
- **Switch off:** Work Order deadline is used instead

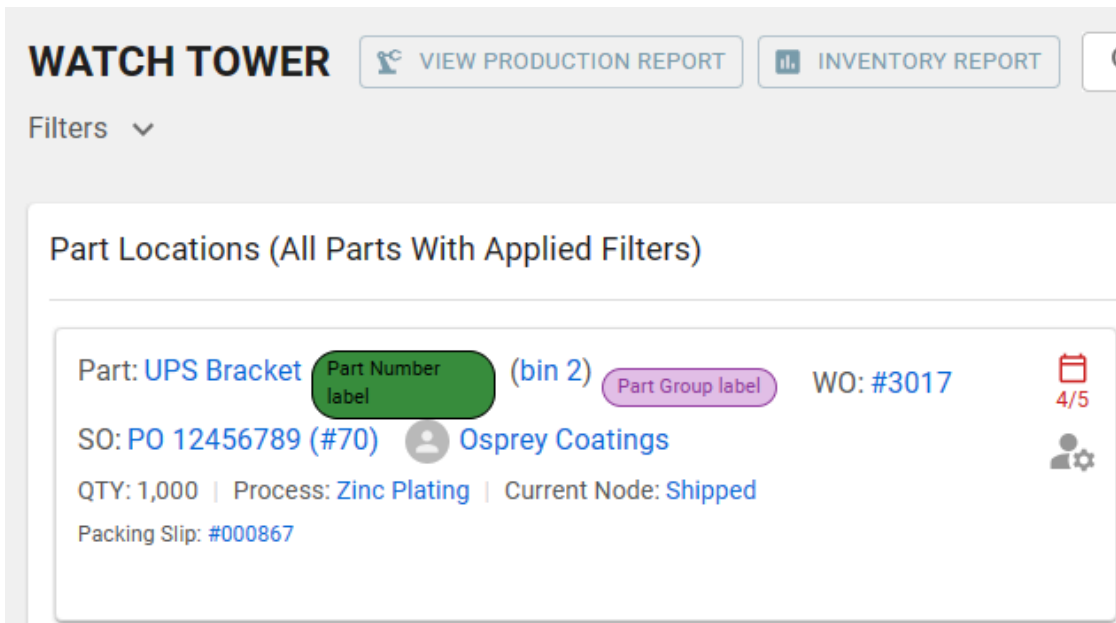

Use “LABEL SETTINGS” to arrange and hide labels on Work Orders

- Drag and drop labels to order them
- Click the eye icon to hide labels and to unhide labels
- Save or Cancel changes

Labels also added to Part Groups and Part Numbers

*This new switch can take charge of how you view workboards, letting you choose between deadline and custom arrangement in an instant.*

*The Watchtower feature will show relevant part number and part group labels just like the part number page and the Work Parts section of the Workboards feature will.*

## Reminder: Top Shops 2024 Deadline Approaching

### 2024 Top Shop from Products Finishing Magazine

Steelhead is thrilled to sponsor the **2024 Top Shops Award** by Products Finishing Magazine and Gardner Business Media, aligning our commitment to elevating the job

shop industry.

**Criteria for Consideration:** To be considered, companies must meet stringent criteria, showcasing dedication to delivering exceptional products and services.

The survey is open for submissions until March 31st, 2024. Winners will be announced in the July (Plating & Anodizing) and September (Liquid & Powder Coating) issues.

### PLATING & ANODIZING SURVEY

### LIQUID, POWDER & ECOAT SURVEY

## Upcoming Webinars

Want to learn more about Steelhead's software or our latest features and functionality? Look no further than our monthly webinars!

A promotional banner for a webinar. The left side features a red background with the Steelhead Technologies logo (a stylized 'S' with a dot) and the text 'STEELHEAD technologies'. Below this, it says 'MARCH MASTERCLASS' and 'WEBINAR' in large white letters. A blue horizontal bar at the bottom contains the text 'CONTRACT REVIEW', a calendar icon, 'WEDNESDAY, MARCH 27', a clock icon, and '12:00 CST'. The right side of the banner shows a photograph of two men in industrial attire (hard hats, safety glasses, and high-visibility jackets) looking at a tablet in a factory setting.

CONTRACT REVIEW

WEDNESDAY, MARCH 27 12:00 CST

## Steelhead Masterclass: Contracts Review

Steelhead Technologies will be showcasing how simple it is to perform a contract review. Features we will run through include:

- Workboards setup to display parts requiring contract review
- Utilize "Work Parts" to review necessary work
- Top Bar and Recipe Tree Sidebar for navigation

- Part Number Data Window displaying racking info
- Current Node Data Window for node-specific instructions
- Work Order Comments section
- All Applied Specs to show specifications applied to parts
- Process Node Power Instructions for dynamic instructions and editing tools.
