### Steelhead University

**Get on the Fast Track to Success with Training in SHU**

Steelhead University provides a complete set of virtual learning courses that will allow you and your team to become proficient in Steelhead before your deployment

begins. Rosalie, our Onboarding Manager, will work with you and your team to enroll you in all of the correct courses to streamline training.

## Customer Spotlight: Certified Enameling

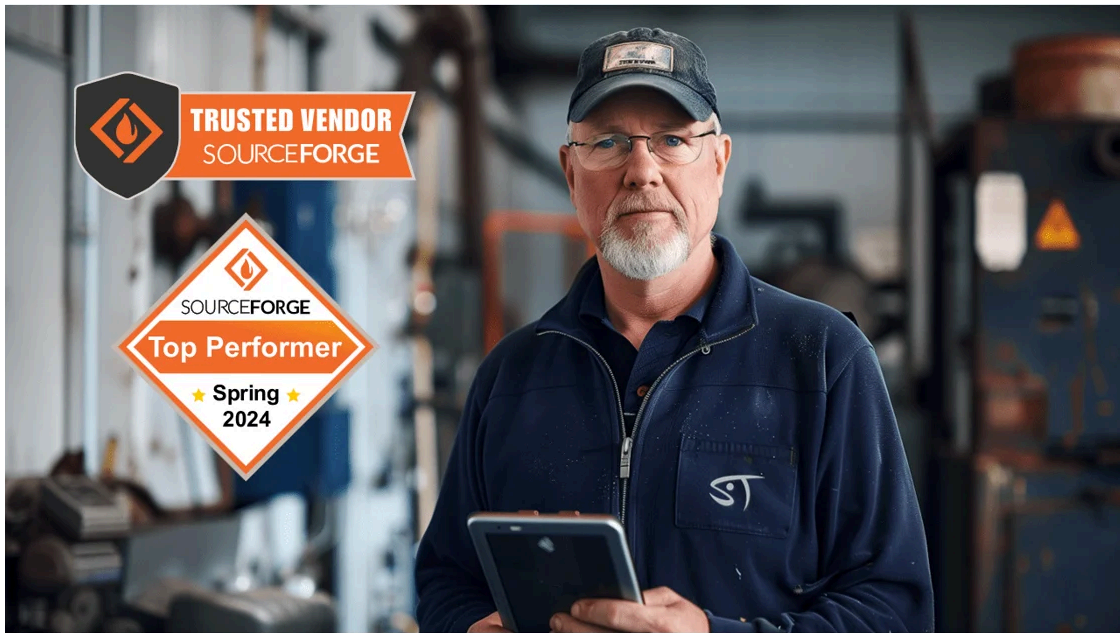

### Fabrication and Finishing

This architectural fabrication and finishing shop out of California, was such a fun project. Certified Enameling required a streamlined solution for handling large orders, intricate quoting processes and detailed account management.

Our deployment team worked hard to offer them a custom solution and exceed their expectations.

## Steelhead Receives Top Performer Award

### For Job Shop Software from Sourceforge

For the second consecutive quarter, Steelhead is happy to announce that we have been honored with the Top Performer Award for Job Shop Software by SourceForge, the world's largest software reviews and comparison platform.

This award has been granted to us by all of our wonderful user reviews, so we humbly thank you for your support and positive feedback!
