Welcome to Steelhead!

We are excited for Glen and Leander to join our A-Team!

Glen joined Steelhead as a Software Engineer, bringing a wealth of experience in Computer Science and Engineering, integrating complex systems and delivering high-performance tools directly to clients.

Leander recently graduated from Michigan Tech as a Mechanical Engineer and will be working out of the Brighton, MI office as a Deployment Engineer.

Articles

This week's articles highlight how to evaluate job shop software to catch the most benefits and profitability possible. We also focus on the shipping and receiving process.

HOW TO EVALUATE SOFTWARE LIKE A MASTER ANGLER

HOW TO STREAMLINE SHIPPING & RECEIVING WITH STEELHEAD

News & Events

Women in Finishing

One of our values at Steelhead is "Creating Memorable Experiences" and our team lived these values at CCAI's Women in Finishing event in Pittsburg!

MTI's Heat Treat Spring Conference

Steelhead attended MTI's Spring Conference in Naples, Florida where we learned from many heat treat job shop leaders and what they really want out of their plant operating systems... and we are excited to welcome them to Steelhead! 🍷
