

ACH Module

In need of a **simple**, **easy**, and **secure** way to electronically debit your clients' bank accounts?

Bryt has partnered with **ACHQ**, one of the fastest-growing electronic payment ACH processing companies in the world, to offer you a safe and cost-effective solution that will make payment processing quick and easy. **Bryt's ACH**

Module was specifically developed to keep payment processing simple, while still maintaining a high standard of security for you and your clients.

Automatic Clearing House (ACH) transactions, also referred to as eChecks, are check transactions processed electronically through the Federal Reserve. **Bryt's ACH Module** enables you to electronically process authorized one-off or recurring ACH transactions, in a secure and easy manner. You can process payments through our **payment portal** without a paper check, clients can provide banking information online or over the phone. This information is then tokenized to improve security and saved for future transactions.

Benefits of using the **ACH Module**:

- **Save Time** – Automated payments allow you to focus more on your business
- **Increased Cash Flow** – Get access to your funds sooner
- **Easy Setup** – Signing up takes minutes
- **Reporting** – Track the status of all transactions
- **Simple Pricing** – Monthly flat-rate cost
- **It's Green** – Eliminates unnecessary costs associated with manual payment processing
- **Secure** – Engineered to keep you and your clients safe
