# NARRATIVE1 WEB 1.20.2 RELEASE NOTES

The following feature enhancements and bug fixes have been applied as a part of the Narrative1 Web version 1.20.2 release.

NEW FEATURES AND ENHANCEMENTS

N1-Web

Customize Pages

It's here! The long-awaited custom calculations module has arrived and the possibilities are endless. Admin users can now create custom calculations for their custom fields.

For more information about our Custom Calculations feature, please see our documentation.

N1-Web

User Pages

Custom calculated fields display as blue in User Assigned Sections as well as provide the calculation used in a tooltip.

Customize Pages

We've added a "Text Area" format for fields that require lengthy amounts of text. Users will be able to expand this field for greater amounts of data entry.

N1-Web

General

We've added new fields and an Area Analysis section to our General page to support our user's Property Data Capture.

N1-Web

General

Users are provided with Property characteristic views for both Site and Improvement fields with direct links to both pages.
