

**RIMS®**

## Release Notes – 8.23.1

January 4, 2021

**RIMS®**

VERSION

**8.23.1**

ExactBid's Real Estate Information Management System (RIMS) Version 8.23.1 is a release for all RIMS 8 users.

These Release Notes provide a summary of selected bug fixes and performance improvements for the following noted areas:

## QUALITY & USABILITY IMPROVEMENTS

### RFP Scope Field

#### Combo Box (sgl) Field

When an RFP has a single-select Combo Box (sgl) scope field and no selection is made for the scope item on a saved RFP, the field will show blank on View RFP and the field will be blank if used in a review document.

Scope <input type="text" value="1"/>	<input type="text" value="Intended Use"/>	<input type="radio"/> List Box (multi) <input checked="" type="radio"/> Combo Box (sgl) <input type="radio"/> Text (2,000 char)
--------------------------------------	---	---

### Service Request Template

#### Property Data - Latitude and Longitude Fields

When geocoding properties, the value should be able to store up to 10 characters for Latitude and up to 11 characters for Longitude with 6 decimal places. The issue is resolved.

## SECURITY IMPROVEMENTS

### RIMS Password

#### Strong Password Requirements

Third-party security testing of RIMS required improvements to the passwords chosen by users. When changing a password, a user will be blocked from saving changes to a new or existing user account when the new password entered is involved in data breaches as monitored at <https://haveibeenpwned.com/passwords>. User is not allowed to save new passwords that have been breached. The user will get a message whenever the new password entered has been part of a data breach:

*"Please use another password. The entered password has been seen X time(s) before in data breaches. For more information, visit [haveibeenpwned.com](https://haveibeenpwned.com)."*

## WEAK PASSWORD LOGIN PAGE:

**Password Restrictions:**

- Not the same as your Login ID
- Not the same as your last 7 passwords
- Must not repeat any 12-character or 12-digit combination from your current password.
- Between 8 and 12 characters
- Has an upper case letter
- Has a lower case letter
- Has at least 1 number
- May include only the following special characters: !\"'\"#%() \*+,-./:;=?@[\\]^\_`{|}~-\$

Please enter your new password

••••••••

ⓘ Please use another password. The entered password has been seen 139,705 time(s) before in data breaches. For more information, visit [haveibeenpwned.com](https://haveibeenpwned.com).

## RIMSCentral Password

### Strong Password Requirements

Third-party security testing of RIMSCentral required improvements to the passwords chosen by users. Register user, change password, and forgot password workflows will now have a leaked password check after form submission. The check is only done on the password entered in the first password box when the user moves focus to another object on the page. The confirm password value is only checked against the first password box for a match.

## WEAK PASSWORD LOGIN PAGE:
