

RIMS®

Release Notes – 8.25.2

August 5, 2021

RIMS®

VERSION

8.25.2

ExactBid's Real Estate Information Management System (RIMS) Version 8.25.2 is a release for all RIMS 8 users.

These Release Notes provide a summary of selected bug fixes and performance improvements for the following noted areas:

QUALITY & USABILITY IMPROVEMENTS

Automation Award

Full Award Automation

Amending an award contracted to a vendor via full award automation was sending the service back into the vendor automation cycle and awarding to the next vendor. The issue has been resolved.

Login ID

User Profile Login ID

Login ID duplication was not being detected or blocked. The issue has been resolved so that a user cannot be created with the duplicate login ID of another user on the site.
NOTE: If there are any duplicate Login IDs that need to be resolved on your RIMS site, you will be contacted by someone from the Support Team.

Logo

Lightbox Logo

Replaced ExactBid logo with Lightbox logo on login page and desktop page.

Review Documents

IsPendingSale and LandSizeCommas Bookmarks

Corrected IsPendingSale bookmark to use value saved on properties table. Corrected Primary Size, Secondary Size, Site Size and Excess Site fields to use properties table tied to the review task's property.
