8.2.4 Release Notes

ExactBid's Real Estate Information Management System (RIMS) Version 8.2.4 is a release for all RIMS 8 users. The 8.2.4 release introduces new features and addresses identified issues with RIMS functionality and performance for the following noted areas:

USABILITY

Task attachment and job attachment links include the number of documents in parentheses

Implemented maximum user search result setting to avoid voluminous page

Change Lending Group link added to Selected Project Summary action menu options

Multi-select menu drop-downs remain open when selecting multiple values

More space for comments in Job Comments section

Option to specify number of days preceding current task complete date as set by Job Manager, Vendor Job Manager, and Production Administrator users (See Account Manager)

CONTENT ADMINISTRATION

Checkbox shows deleted items that have been added to Lookup Tables - deleted items are not displayed by default

Priority Approval Lookup table added to Content Tables

Job Statuses, Task Statuses , and Notification Methods are set to read-only in Lookup Tables

Note added to the top of each Lending Group lookup table describes sort order (where applicable)

New disposition types can be added

Selected document type saves in Additional Documents section of Task Codes-RFP

Phone numbers in user profile fields permit extension entry of up to 4 characters

When creating a new user profile, the Last Login Date entry no longer displays as 1/1/0001 12:00:00 AM

Mail Code removed from the Vendor User Profile as a default setting

The User Profile page no longer jumps in the single page view for Account Officer multiple cost centers and drop-down elements in user profiles

The Engagement Letter Utility no longer deletes pages of the engagement letter during re-creation

User Profile historical change log data displays for upgraded customers

Additional Information

For additional details or questions regarding RIMS 8.2.4, contact your ExactBid Account Manager or email support@exactbid.com.

Password Reset

The RIMS 8.2.4 release features a new password reset functionality available to the Content Administrator (CA).

The **Reset Users Password?** checkbox is displayed on the **Change Password** tab when the CA engages the **Edit User** CA function.

When the CA selects this checkbox the selected user is sent a notification for creating a new password.

The password reset email contains the user's LoginID, a temporary password and login site URL.

The new selected user password must conform to the following restrictions:

Password Restrictions:
- Not the same as your Login ID
- Not the same as your last 6 passwords
- Must not repeat any 12-character or 12-digit combination from your current password.
- Between 8 and 12 characters
- Has an upper case letter
- Has a lower case letter
- Has at least 1 number
- May include standard special characters.

Please update your password:

New Password

Confirm New Password

🔒 **Update Password**   ← **Cancel**

RIMS users are locked out after three failed login attempts; however, ExactBid can set the account to automatically unlock over an assigned period of time.

Contact your Account Manager to enable the password reset feature.
