# REPORT WRITER - WEB 1.26.0 RELEASE NOTES

The following enhancements and bug fixes have been included in the 1.26.0 release.

ENHANCEMENTS

Report Writer   **Contact Manager**

Contacts can now be uploaded in bulk for added convenience. Download a template, fill in the contact data and upload your contacts. The uploader will automatically check for duplicates and make updates to existing records. Note: This feature is only for database admins. Have the main contact for your account request database admin access for the appropriate member of your staff.

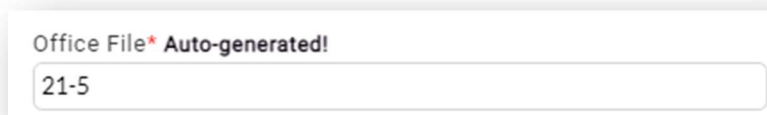

Report Writer   **General**

All browser tabs now read "LightBox Report Writer" for a more consistent experience in the application.

Report Writer   **Job Manager**

Auto-number your Office File Numbers within the Job Manager. Send a support request to turn on auto numbering for each job. Choose between a YYYY-jobId or YY-jobId template.

BUG FIXES

Report Writer   **Job Manager**

We've corrected an issue where the % Complete field in the Jobs table was multiplied by 100.

Report Writer   **Job Manager**

We've corrected an issue where editing a job and saving did not return to the results of the previous search in the Jobs table.

Report Writer   **Job Manager**

We've corrected an issue where the due date in the Jobs table was displaying a day behind.

Report Writer   **Job Manager**

We've corrected an issue where Job data did not persist after utilizing the 'Clear' function in the Job details editor.
