Report Writer Custom Fields

Admins can now choose if they would like to add a custom field as an available field in the Search Results Grid. Note: This feature is only for the Sales Search Grid at this time.

Report Writer Job Manager

You can now Reset Column/sort settings to the default settings in the Job Manager table.

**Report Writer Job Manager**

Initial loading of the top 100 Jobs within Job Manager has been optimized.

BUG FIXES

Report Writer **Job Manager**

We've corrected an issue where the Job Manager columns would be reset to default when an update was performed. Selections will now be maintained through updates.

Report Writer **General**

We've corrected an issue where Area Analysis fields were not saving for new properties.

Report Writer **Sharing**

We've corrected an issue where images were not sharing.

Report Writer **Inc/Exp**

We've corrected an issue where an error page was displayed upon saving the inc/exp page.

DEPRECATIONS

Due to low usage, we've deprecated the "Archive Properties" feature within Property Search. Admins can utilize the Delete and Restore selections buttons.

WHAT'S NEXT?

LightBox is working on some great new features to increase your efficiency.

- Comm and MF Property Search: Enhanced search results grid with unit detail and column chooser
- Customize Pages: Support for applying a standard field dropdown in a custom data page.
- Customize Pages: Unlocking standard fields like "Price" when applied to a custom data page.
- Job Manager: New Scope section that will import the Valuation Model.

INTRODUCING LIGHTBOX VALUATION:

LightBox Valuation is a revolutionary end-to-end workflow solution that helps valuation professionals win more engagements, research property & market data, and write high-quality appraisal reports. This product integrates core elements of many standalone LightBox applications (e.g. LandVision, RIMS Central, Narrative1, PARCEL, etc.) to create a single seamless experience, which is unrivaled in the market.
