

# REPORT WRITER - WEB 1.34.0 RELEASE NOTES

The following enhancements and bug fixes have been included in the 1.34.0 release.

## ENHANCEMENTS

### Report Writer Job Manager

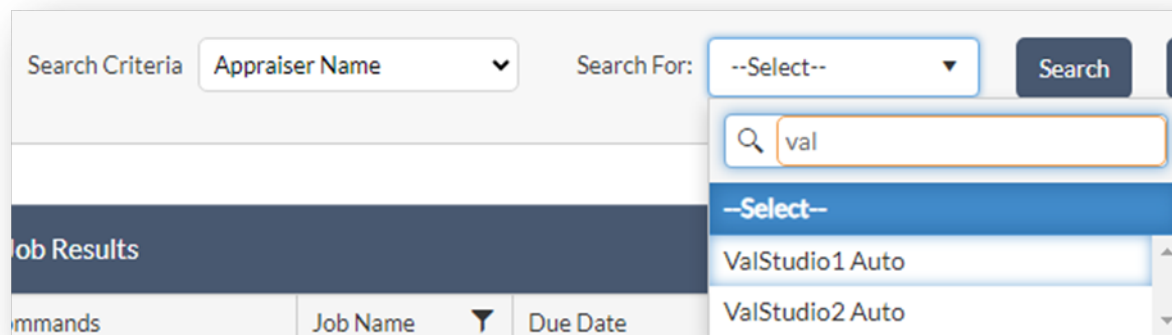

We've added the ability to search within basic and advanced on Job ID, Property Name, Invoice Date, Invoice Paid Date, Milestone, Date Modified and the LightBox Job ID as well as adding the LightBox Job ID to an available field in the job grid column chooser.

---

We've added the ability to type ahead to delimit dropdown searches for Appraiser, Contact, Originator, Created By in the Basic Search form.

The screenshot shows a search interface with the following elements:

- Search Criteria:** A dropdown menu set to "Appraiser Name".
- Search For:** A dropdown menu currently showing "--Select--".
- Search:** A dark blue button.
- Search Input:** A text box containing "val" with a magnifying glass icon.
- Search Results:** A list showing "--Select--", "ValStudio1 Auto", and "ValStudio2 Auto".
- Table Headers:** "Commands", "Job Name" (with a funnel icon), and "Due Date".

Make sure to run the desktop updater to take advantage of importing Job details like inspection date into the Excel template.

## Report Writer Job Manager

---

We've added all available job actions to the top of the job editor eliminating the need to scroll.
