The following enhancements and/or bug fixes have been included in the *August 2025* release:

ENHANCEMENTS

➤ Never use the Cost data page? Now admins can hide any standard data page (except for the General and Valuation page). Calculations will still fire regardless of the pages being hidden and standard fields can still be applied to any standard page or custom page.

➤ We've added new property sub types to the Freestanding Building property type.
   o Bank - Central Office
   o Bank - Drive-thru

BUG FIXES

• We've corrected an issue where unit type and unit type category searches did not return results.

WHAT'S NEXT?

LightBox is working on some great new features to increase your efficiency.

➢ AWS migration
➢ Enhanced Property Search
