

# REPORT WRITER ENGINE 46.02.14 RELEASE NOTES

The following bug fixes have been applied as a part of the Report Writer Engine version 46.02.14 release.

## ENHANCEMENTS

### Excel/Engine Improvements

We've enhanced the Subject import and Improvements amenities table to include the new amenity checkboxes in web. The Lease Grid's amenity comparison table has also been enhanced to provide the new checkboxes.

	Category	Project Amenities	At Subject	Comments
<a href="#">Show</a>	Automotive	Parking - Lot	X	
<a href="#">Show</a>	Automotive	Car Wash	X

## BUG FIXES

**Engine****Subject/Job Import**

We've corrected an issue where only the latest job for a property would appear in the choose job form.

**Engine****Add/Arrange Comps**

We've corrected an issue where if a comp was not selected to remove from the grid, an error message would appear.

## WHAT'S NEXT?

LightBox is working on some great new features to increase your efficiency and the quality of your reports.

- ESRI: Support for importing ESRI demographics

*INTRODUCING LIGHTBOX VALUATION:*

LightBox Valuation is a revolutionary end-to-end workflow solution that helps valuation professionals win more engagements, research property & market data, and write high-quality appraisal reports. This product integrates core elements of many standalone LightBox applications (e.g. LandVision, RIMS Central, Narrative1, PARCEL, etc.) to create a single seamless experience, which is unrivaled in the market.

Contact [valuation@lightboxre.com](mailto:valuation@lightboxre.com) to request a demo of LightBox Valuation.
