

The following enhancements and/or bug fixes have been included in the release:

NEW FEATURES AND ENHANCEMENTS

Support New chat support experience

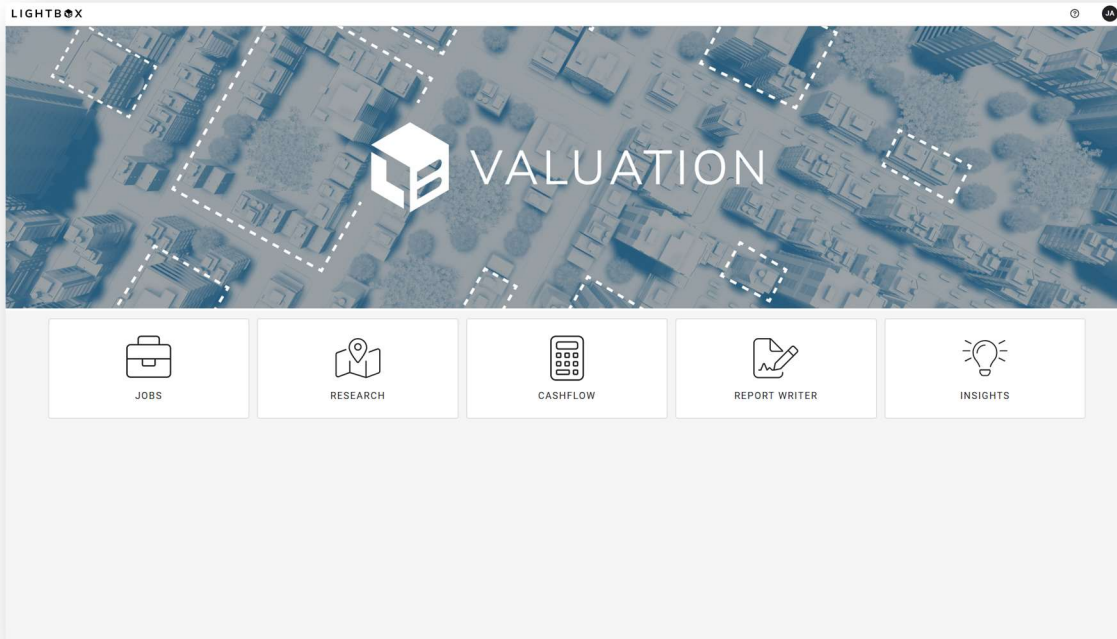

We've upgraded our support experience to include a chat messenger within Jobs, Research and Report Writer. You'll still interact with our U.S.-based support team for an excellent support experience.

Jobs

New look!

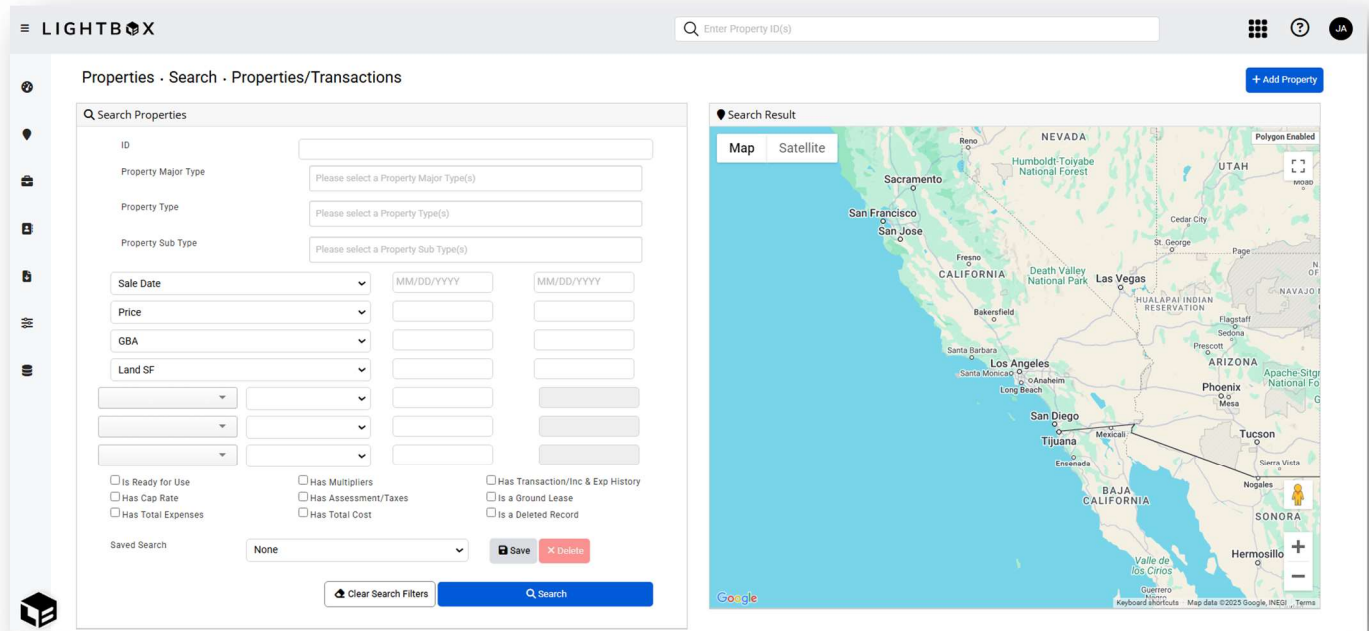

We've updated the Valuation home page and Jobs interface to reflect our parent branding.

</

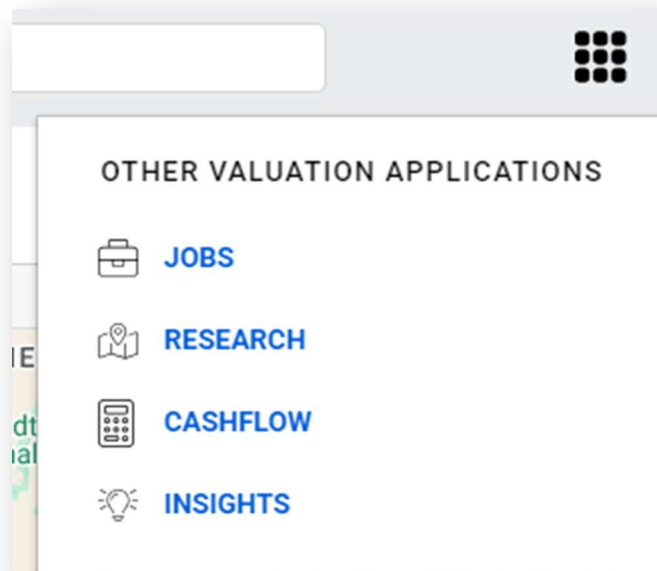

Report Writer New Look!

We've updated the Report Writer interface to reflect our parent branding as well as optimizing real estate across all pages.

Report Writer Application menu

We've updated the links to other Valuation applications to be accessed from the Bento Box menu icon exactly like the other Valuation applications.

Report Writer Comm Lease – Save Changes

We've updated the comm lease page "Save" function to also include the changes made within the comm lease details section.

Report Writer Fannie Mae – Multi-Family xml file export

We're thrilled to support the new required xml submission format for Fannie Mae Multi-Family projects. The new Valuation Model will link directly to a new review worksheet in which the appraiser can review and fill out any missing data, then create the xml file with a click of a button.

WHAT'S NEXT?

The LightBox team is working on some great new features.
