

VALUATION – MAY 2021 RELEASE NOTES

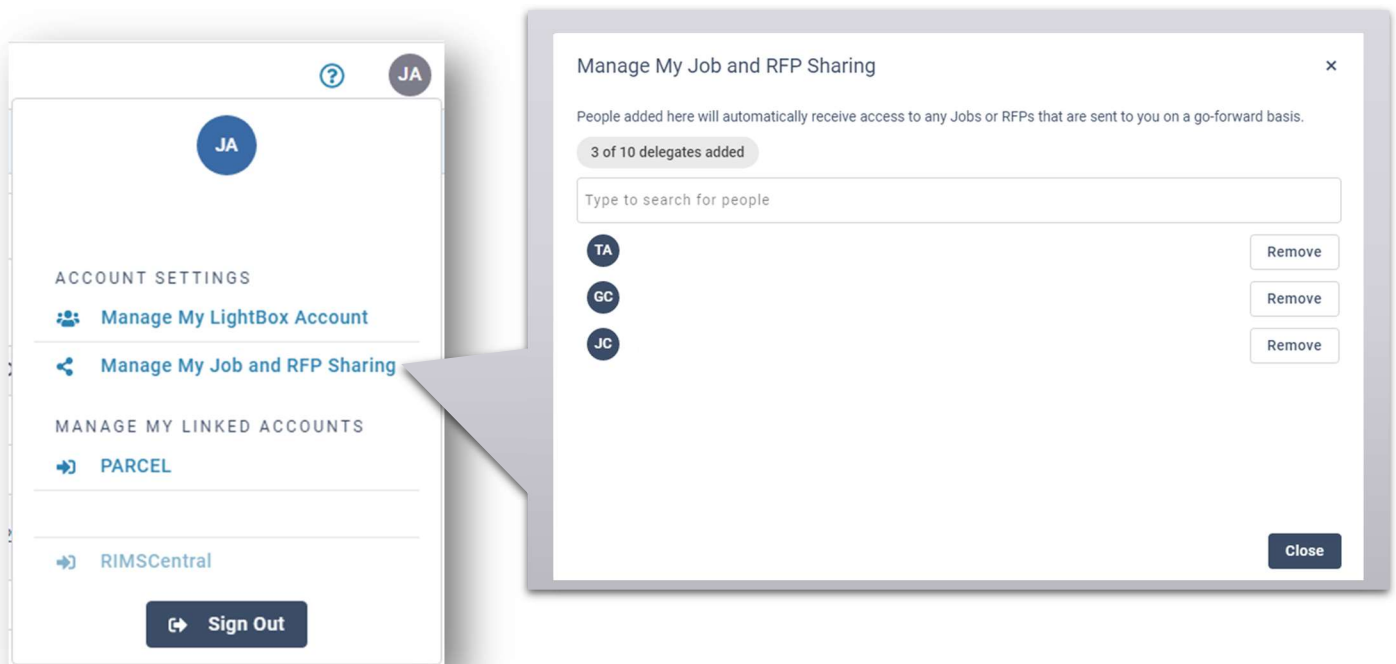

The following enhancements have been included in the release.

NEW FEATURES AND ENHANCEMENTS

Jobs Auto-grant access: fixed list

Valuation Subscribers can now add up to 10 users in their organization who will automatically be granted access to:

- The RFPs that a user receives from PARCEL or RIMSCentral
- The RFPs that user creates via the RFP Dashboard
- Jobs created via user accepting an award
- Jobs that the user creates via the Jobs Dashboard

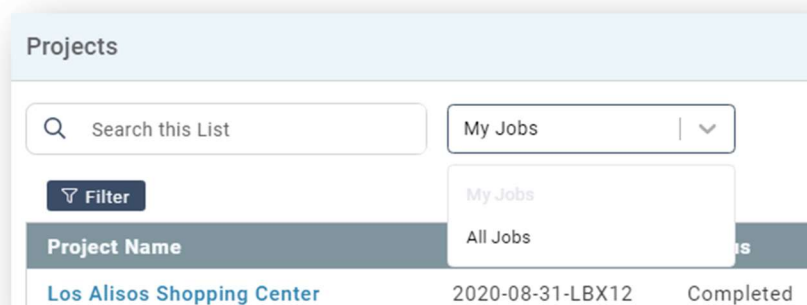

Jobs Revoke user access on RFP/Job

Users can now remove/revoke access to an RFP or Job that has been shared with them.

Research Projects List View

The research team has added a dropdown to assist in filtering between "My Jobs" and "All Jobs" in the Projects list view.

Research Enhancements to Zoning menu item

- Users can now save and complete a section regardless of a record existing.
- Users can now delete zoning records when appropriate. Note that at this time, you will not be able to retrieve any records that are deleted.
- The research team has changed the signature line of the fulfillment notification e-mails to display support contact information.

Research Enhancements to Sales menu item

- In the Sales Summary section, Multiple Site APNs are now displayed in a cleaner format.
- Users can now save and complete a section regardless of a record existing. Note that at this time, you will not be able to retrieve any records that are deleted.

Research Demographics – Trade Area Generation Optimization

Upon the first navigation to Demographics the trade area rings and corresponding report will generate. Upon navigating away and back, they will not regenerate.

WHAT'S NEXT?

The LightBox team is working on some great new features.

- Research –Subject Improvements/Building data
- Research – Enhanced Comp Search and export to Report Writer
- Report Writer – Duplicate Properties resolution upon Job Import
